

106TH CONGRESS
1ST SESSION

S. 632

To provide assistance for poison prevention and to stabilize the funding
of regional poison control centers.

IN THE SENATE OF THE UNITED STATES

MARCH 16, 1999

Mr. DEWINE (for himself, Mr. ABRAHAM, Mr. CHAFEE, Mr. GRAHAM, Mr. BOND, Mr. DOMENICI, Mr. KENNEDY, Mr. DURBIN, Mr. BURNS, and Mr. DODD) introduced the following bill; which was read twice and referred to the Committee on Health, Education, Labor, and Pensions

A BILL

To provide assistance for poison prevention and to stabilize
the funding of regional poison control centers.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Poison Control Center
5 Enhancement and Awareness Act”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

8 (1) Each year more than 2,000,000 poisonings
9 are reported to poison control centers throughout

1 the United States. More than 90 percent of these
2 poisonings happen in the home. 53 percent of poi-
3 soning victims are children younger than 6 years of
4 age.

5 (2) Poison control centers are a valuable
6 national resource that provide life-saving and cost-
7 effective public health services. For every dollar
8 spent on poison control centers, \$7 in medical costs
9 are saved. The average cost of a poisoning exposure
10 call is \$32, while the average cost if other parts of
11 the medical system are involved is \$932. Over the
12 last 2 decades, the instability and lack of funding
13 has resulted in a steady decline in the number of
14 poison control centers in the United States. Within
15 just the last year, 2 poison control centers have been
16 forced to close because of funding problems. A third
17 poison control center is scheduled to close in April
18 1999. Currently, there are 73 such centers.

19 (3) Stabilizing the funding structure and in-
20 creasing accessibility to poison control centers will
21 increase the number of United States residents who
22 have access to a certified poison control center, and
23 reduce the inappropriate use of emergency medical
24 services and other more costly health care services.

1 **SEC. 3. DEFINITION.**

2 In this Act, the term “Secretary” means the Sec-
3 retary of Health and Human Services.
